

Better Than Quilting Cake

- 1 German Chocolate Cake Mix & ingredients to make cake
- 1 can sweetened condensed milk
- 1 c caramel topping
- 1 c fudge topping
- 1 package Heath toffee bits
- 1 container Cool Whip

Make cake according to package directions and bake in a 9x13 pan.
Cut cake into 1-2" cubes.

Mix condensed milk, caramel topping and fudge topping together with a spoon or spatula. It does not need to be mixed thoroughly — a little swirl is tasty and pretty! Add Heath toffee bits and stir.

In a large clear serving bowl, layer cake cubes in the bottom, Drizzle topping mixture. Add a few dollops of whip cream. Add another layer of cake cubes, more drizzled topping and more whip cream. Add one more layer of each and your dessert is ready.

Serve immediately, as the topping will settle to the bottom. If you need to refrigerate and serve later, make sure you stir it up before you serve.
