

OUR MISSION:

To assist our customers from their fabric selections to the finished product with the same care we would take with our own quilts.

It is by putting people first that we maintain our business, and with your support, for many years to come. Our customers are the backbone of our business and we truly care about each and every one of you.

For many of us, quilting is not just a hobby, but a lifestyle. Each stitch ties us to others' lives and brings a closeness to those we love - sometimes even to those we don't know, but still care about. May your own quilting bring you joy and comfort throughout your life.

Warm Regards,
Marcy Shindler

PROJECT LINUS

We are also proud sponsors of Project Linus. Please feel free to drop off any quilts, blankets, or fabric at our store.

*We welcome the
opportunity each day to
promote the joy of
quilting.*

**LONGARM
QUILTING WITH
A SHORT
TURNAROUND!**

*We're your one-stop
quilt shop!*

PREPARATION

Pressing your quilt is very important. If your seams are not laying flat, it can cause the hopping foot to push the fabric and create uneven quilting. **Clip loose threads** and check for open seams. They can catch on the machine while quilting. If your outer edge has a lot of small pieces you can **run a straight stitch along the outer edge**. It helps to keep them from stretching.

With backing fabric and batting, we require a **minimum of four inches extra on all sides** due to our loading style.

We need top, batting and backing **separated** for mounting onto the machines - basting the pieces together is **NOT** necessary and must be removed before quilting.

TYPICAL COSTS

These prices are only for the quilting, and do not include thread, batting, backing, or additional labor.

QUILTING COSTS

Level 1 - 3 cents per *square* inch.

Patterns are large and run quickly.

Level 2 - 3.5 cents per *square* inch.

Patterns are slightly more complex and dense.

How to estimate longarming cost:

Length x Width = _____

x Level = _____

A 60" x 70" quilt done in a simple pattern (Level 1) would be as follows:

60" x 70" = 4,200

x .03 = \$126.00

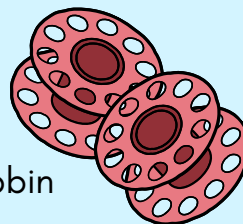

BINDING COSTS

One side - .25 cents per *linear* inch

Binding complete by Machine - .30 cents per *linear* inch

Binding complete by Hand - .35 cents per *linear* inch

Thread - \$1.75 per bobbin

OTHER SERVICES

We also offer quilt trimming, custom quilt labels, making your quilt back, and more!

Call us or see an associate for more details!

WE ARE THE PROUD
OWNERS OF TWO
TOP-OF-THE-LINE
