

# Mini Wonderful Curves

## Workshop Supplies

This book is truly an inspiration – so many quilts I wish to make from it. You get to choose the project that best suits your needs; with a few exceptions the techniques are the same for all the quilts. I've made at least four of these and had fun with each of them.

### **REQUIRED BOOK:**

Mini Wonderful Curves by Jenny Pedigo and Helen Robinson for Sew Kind of Wonderful with Sherilyn Mortenson by Landauer Publishing

### **FABRIC REQUIREMENTS:**

Since you will be picking your project from the book you'll need to reference the fabric requirements for your specific project. If you have any questions my contact information is at the bottom of this supply list. Also, if you could text or e-mail me which project you plan to work on I'll make sure I'm up to speed on that particular project prior to class.

**CLASS PREPARATION:**

If you wish to get a head start on the class you could cut the initial squares and rectangles prior to class. Unless you are very familiar with the special ruler do not do those cuts prior to class as I'll have some tips and tricks to share with you.
