

Piping and Flanges Technique

Supply List

You will be making practice samples of corded piping and flanges for use as embellishment in your projects. We'll also discuss creating the piping from bias strips and practice techniques for creating truly square corners. In addition, we'll make a few covered buttons – a great way to spark up a shirt, bag, or tote.

KIT FEE:

\$15.00 Payable to Instructor in Class includes all fabrics needed to practice the techniques.
