

Beginning Quilting Supply List

Book: All things Quilting by Alex Anderson

For the first class, bring a pen or pencil and your book. ****Please read pages 18 – 30 in your book before class.** Fabric selection is a huge topic and we don't have near enough time to cover it in detail. Fabric requirements and tools/supplies will be discussed at the first class at which time a supply list will be made.

*****NOTE: A SEWING MACHINE IS REQUIRED FOR THIS CLASS.** Please become comfortable using it (threading it correctly, winding bobbins and loading them, changing feet, etc) before the second class. And keep the owner's manual with the machine!
