Join fellow ASG member, award-winning art wear designer fiber artist, Caryne Mount, for “Go Ahead PLAY with Your Fabric!”, Through this hands-on class, you will explore fabric manipulation, embellishment, color dye addition /subtraction, painting, stamping, and other treatments that will turn ordinary warp and weft into something completely unique, new, and different! You will create numerous samples to take home for your future reference. There will be discussion on fabric, fiber, properties, hand-outs, demos, and of course, plenty of opportunity to explore, create, and PLAY for all attending! **Class will be both indoors/outdoors so please prepare accordingly.** During our lunch break, Caryne will have a slide show of her work, as well as have garments on hand for you to see in person!

Caryne will provide materials needed, including safety gear for students, as we will work with some chemicals like discharge paste. There will be non-latex gloves available. **Please bring aprons and wear clothing you don’t mind having possible “surface design” done to!**

There will be a few portable sewing machines to use for sample creations involving sewing.

Hope to see you at the Spring Fling
