

Learn the Double Wedding Ring the Easy Way (with Quiltsmart!)

Instructor: Patten Laurel

Location: Treelotta (In-person attendance is assumed. Please let us know if you plan to join us via Zoom instead.)

Class Description:

Take the intimidation out of curved piecing with this approachable, fun class! We'll be using Quiltsmart's innovative printed interfacing and zig-zag appliqué technique to make a beautiful Double Wedding Ring pillow—no curved piecing, no needle-turning, no stress.

This project is a fantastic way to try out the timeless Double Wedding Ring design on a smaller scale. Using 2.5" strips and Quiltsmart's pre-printed interfacing, you'll learn how to build smooth arcs and classic interlocking rings with confidence.

In this class, you'll learn how to:

- Use Quiltsmart's printed interfacing to create accurate arcs and wedges
- Apply the zig-zag appliqué method for a clean finish
- Assemble ONE 11.5" ring block

What's included:

- Quiltsmart Double Wedding Ring Pillow Pack (interfacing + instructions)
- Helpful handouts with fabric yardage, layout tips, and more

Once you've mastered the technique, you'll be ready to tackle a full Double Wedding Ring quilt—no fear of curves necessary.

Skill level: Beginner

Please complete before class:
