

Clam up bag

We will be making 2 bags in class. We will make one bag as instructed and the other with bias binding for an added detail!

These will make great Christmas presents!

Supplies

3 fat quarters (main, lining, and coordinating)

2- double slide 15" and 24" zipper. Or 1 zipper by the yard

Bosal double sided fusible foam

Preparation for class

I would like to have all of you be able to finish the project in class. To help that happen you will need to complete some steps before class. If there is a step you don't understand please leave that step for class.

Layer the main fabric and the lining fabric on each side of the foam and fuse.

Quilt the piece

Cut out the medium and extra large bags

Follow the instructions on page 2 -A. Quilted version

Bring all leftover fabric! Even the quilted pieces!
