I don't normally make HSTs in this manner, but these are 'special'.
You may wish to use Best Press or starch on fabric before cutting.
Please handle cautiously being careful not to stretch any edges.

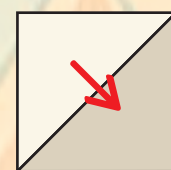

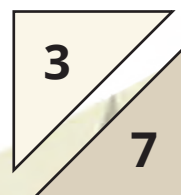

1. Subcut each strip into 4" x 4" squares. Cut 24 pcs. Cut 32 pcs.
2. Keeping 'same fabric' pieces together, subcut each 4" square twice diagonally.

Cut: Single Size: 96 pcs. Queen Size: 128 pcs.

Step 2:

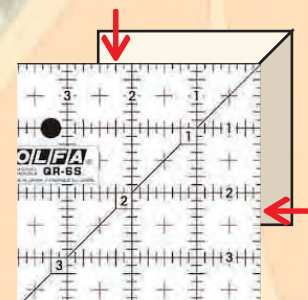

1. Join one cut triangle from each fabric together to make a half-square triangle. Press seam towards Fabric 7 as shown by the red arrow.

Now the following instructions I KNOW many of you are going to be whining over...but please, just bear with me on this.

Trimming: Align the 45-degree ruler markings along the diagonal seam of the unit, while also lining up the 2-1/4" markings at the corners. Trim one side and top, turn unit, align ruler and trim remaining side and top side. This unit should now measure perfectly.

2. These half-square triangles are larger than we need. They MUST be trimmed to size. Trim each unit to measure 2-1/4" x 2-1/4" unfinished size.

Make: Single Size: 96 pcs. Queen Size: 128 pcs.

Happy Note: You will not require any more Fabric 3 or Fabric 7.
