Take a deep breath. All will be okay.  
It just looks scary. But like the bear in woods, it won't hurt you.  
They are more afraid of you. Well...that's what they say.

**Happy Note:** You will not require any more Fabric 9.

### Step 2:

1. From the **Fabric 9** cut triangles (above), count out ...  
Please keep the remaining cut pieces labelled **D** and in a safe place.

**Remember those half-square triangles made last week? Well, they are needed now.**

2. Position the half-square triangle and layout the cut **D triangles** against the fabric 7 sides as shown in the diagram below.
3. Join the first **D triangle** to the **Fabric 7** side and finger press seam as shown by the red arrow. Now join the second **D triangle** as shown and finger press. Gently press unit with the iron being careful not to stretch any bias edges.

**Note:** These seams will nest with others later, so they need to be pressed as shown.
