

# Frequency Class Info Sheet

Frequency is a modern, striking quilt pattern by Desert Bloom Quilting by Jessica Caldwell.  
Instructor is Kristin Jacobs, [kjacobs24@yahoo.com](mailto:kjacobs24@yahoo.com), 302-465-2623

## Supply List:

- Sewing machine you are familiar with that is in good working order
- 1/4 inch foot
- Creative Grids Perfect Rectangle Ruler (CGRTMT3)
- Cutting Mat and Rotary Cutter
- Thread snips
- coordinating Thread and bobbins
- print fabrics and background fabric (see fabric requirements in pattern)

*Everything you need is available at Blue Hen Quilt Shop!*

## Print Fabric Tips:

Best to avoid directional fabrics for this pattern.

The easiest way to determine the amount of print fabric you need is to decide on the size you want to make, and how many prints you want to use. A 1/4 yard of each print is enough to make 2 full 'waves'. Here is how many 'waves' needed by quilt size:

Quilt Size	# of waves needed
Lap Size	10 waves
Throw Size	18 waves
Twin Size	21 waves
Full/Double Size	28 waves
Queen Size	32 waves
King Size	41 waves

**Homework:** Please have your print and background fabrics cut into strips before the class. We will cut the triangles during class. If you would like some guidance when cutting your fabric, Kristin works on Friday's, and you are welcome to work on your cutting during our Free Sew time each Friday.

## Print Fabric Cutting Tips:

From each 1/4 yard of print fabric, cut across the length of fabric (parallel to selvage/LOF). Cut two strips from each fabric 3 1/2, 4 1/2, 5 1/2 and 6 1/2 inches. If you leave the fabric folded (as on bolt), you will get two pieces with each cut.

## Background Fabric Cutting Tips:

You will be cutting along the width of fabric (WOF) strips the following widths; 6 1/2, 5 1/2, 4 1/2, 3 1/2, 2 1/2, 1 1/2, 1 1/4 inches. See table 1 on page 3 of the pattern to determine the number of strips needed from the background fabric.
