

# Table Trinkets

Placemats - 12" x 18"

Napkins - approximately 10" square

Small Bowl Cozy

Panels -

How many - ready below!

\*The placemat has a great spot for a pre-printed panel square! Or you can embroider a coordinating design from your embroidery library! Or even piece a great star block (instructions included). There is enough background fabric for any of these choices.

The napkins and bowl cozy were created from pre-printed panel squares but any great fabric will work well.

Look for **PANELS** with eight squares. They are usually 8" - 10" square. Smaller blocks will requiring adding a narrow border to get them up to the right size. Purchase enough panels for one square per placemat. \*Napkins and Bowl Cozy can use one or two squares from the panel instead of yardage.
