The 2026 UFO Challenge will begin on December 31, 2025. \$10 to participate.

A new number will be drawn the last day of every month at Midnight - regardless of the day of the week using a random number generator. You will have 1 "freebie" month to use as you please. You are allowed to "swap" 1 time for another project on your list. If you complete all 12 projects, you will have a bonus entry in our year end drawing. If you do not complete the chosen project in the month, there is a \$10 penalty. A copy/picture of your list including the status of each project should be posted within 2 weeks of joining the challenge. If you want to drop out, we ask you to pay a \$10 drop out fee. All Monies are used to buy prizes at the end of the year. There may be some additional challenges this year for bonuses!

**In order for your project to be considered done for the Month, you must be post a "Completed" Photo with the project number in the Subject by Midnight on the 1st day of the month. If the photos are not posted, you may owe the penalty fee or use ur "freebie".**
