Pillowcase:

1. Place the fabrics on top of each other matching the fold line. Cut off selvage. Make sure all pieces are the same size. Press the cuff and piping pieces in half, **wrong sides together**.
2. Open up 9" strip.
3. First, place the 9" opened strip, face-up, then place the main fabric face up on top, then place the 2" **folded** strip on top of that. Reach down and roll up, only the main piece of fabric to make a tube.
4. Then bring the 9" cuff piece of fabric **over** the tube, pin across the top making sure all pieces are pinned. Stitch a ¼ inch seam across the top. **Do not sew the ends closed.**
5. Reach inside the tube and pull the tube out completely.
6. Fold the pillowcase in half, right sides together. Stitch down the side seam, making sure that the cuff and piping match, then the bottom. You can zig-zag the bottom and the side to prevent unraveling, or finish with crisp French seams.
7. It can be made with or without the piping.
