

## Quilted Sneaker Class

### **Items to Bring to Class**

#### → Sewing Machine

- Full bobbin with thread that matches the lining fabric
- Thread that matches the exterior fabric
- Size 90 top-stitch needles

#### → Sewing Supplies

- Scissors (paper and fabric), pinking shears, long straight pins, seam ripper, stiletto or sewing awl, pliers, thimble, fabric chalk, fabric marking pen to contrast lining fabric

#### → Shoelaces

- Suggested lengths are 45" for regular sneakers and 55" for high-top sneakers

#### → Fabric

- 1/3 yard of woven exterior fabric (non-stretch fabric)
  - This can be denim, light weight canvas, quilt cotton or garment weight leather 1-3 ounce
  - Scrap of exterior fabric to use for the shoelace strap
- 1/3 yard of ByAnnie Soft and Stable (12" x 58")
  - Found at most quilting stores (Do not use regular quilt batting)
- 1/3 yard of lining fabric - 100% cotton (quilting cotton is recommended)

### **Homework**

→ Quilt the exterior fabric **only** to the ByAnnie Soft and Stable prior to class. The quilting can be straight-lines, grid, meander, or whatever you are comfortable doing. DO NOT QUILT THE LINING FABRIC TO THIS.

→ Keep the lining fabric separate.

### **Items Provided**

- Sneaker-Kit soles and inserts along with the needle and waxed thread
- Directions and pattern needed for your size of shoe
- Eyelets (setting tools will be available to use when setting the eyelets)
- Grommets (Silver, Gold, Antique Brass, and Gun Metal)

### **Additional Notes**

→ Your exterior fabric must be quilted to the ByAnnie Soft and Stable BEFORE coming to class because there will not be time in class to quilt.

→ There will only be time to complete one shoe in class. All that remains on the second shoe is the actual sewing to the sole. You'll have the knowledge and skills needed to complete the second shoe after class.

→ We will contact you to get your shoe size and if you want white or black soles.
