

## **SALES ASSOCIATE JOB DESCRIPTION**

### **Objective**

The main objective of a person working as sales associate is to sell sewing and embroidery machines, their accessories and notions. This individual needs to be sales oriented and customer focused.

Sales associate is usually the first person a customer meet when come in the store. Is expected to create and maintain a long-term relationship with the customers in order to achieve sales goals and represent the store in a positive manner while ensuring recurring business. Is also responsible for assisting customers with choices and provide information about the product in question.

A sales associate need to operate cash register once a sale has been made. Is also expected to manage inventory and stock shelves. Is also required to price products and update shelves when a new product comes in or if the price of any item changes.

Sales associates work closely with customers, which is why they need to be able to resolve their complaints in a satisfactory manner. Provides customers with product knowledge in terms of features and warranty along with any special discount or deal that the product holds. They should maintain the visual appearance of the store by managing store displays.

The successful candidate will be able to elevate company standards, achieve sales goals and meet clients' expectations.
