FINISHING

1. **BACKING:** Remove all selvages, use 1/2" seam(s) to sew the pieces along the edge(s) to make one large piece, press all seam(s) open. Cut the backing into equal pieces and sew together along the longest edge(s).
2. **QUILTING:** Turn the backing so the seam(s) run in the appropriate direction(s) to take advantage of the quilt size, either horizontally or vertically. Layer in the batting and quilt it.
3. **BINDING:** Sew the strips end to end using diagonal seams. Fold in half lengthwise, wrong sides together, and press for a straight-grain French-fold binding. Attach to the top of the quilt by machine; turn to the back and blind stitch by hand.
4. **LABEL:** Add a label that has historical information on it like title, your name, date pieced, date finished, who quilted it, type of batting used.
