Bernina Q24 Long Arm Operation

Student Guidelines

Wear comfortable shoes

Bring water and/or snacks

Bring a small quilt no larger than 48" by 48" (for example, a baby quilt or table runner) to complete following the class. Quilt back and batting should be at least 8 inches wider and taller than the quilt top.

During the class, you will learn how to:

- Load and advance a quilt on the long arm,
- select thread,
- thread the long arm,
- operate the long arm to do free motion quilting.

We will provide a store sample for you to practice loading and quilting during class. Following the class, which is about 2 hours, you'll be able to use the long arm for the rest of the day to quilt your own project.

You should have experience with free motion quilting before taking this class.

Additional instructor time to cover areas outside the scope of the class such as free motion quilting or ruler work can be arranged. The cost is \$30/hour.

After taking the class, you'll be able to rent the long arm to quilt your own quilts!
