

Greetings Fellow Quilters,

As the days grow shorter, we find ourselves harvesting the last of our gardens and getting ready for crisp autumn days.

Think of all the free time you will have for sewing and quilting projects once things are completed outside until spring. As quickly as autumn arrived, we all know winter won't be far behind. Now is a good time to consider what projects you want to start or complete during those cold winter days! We are constantly getting in new fabrics and hope you will stop in soon to see them!

So many of our customers or their friends love horses. This is the latest panel we have available.

We have several new wildlife panels in as well. These don't last long, so be sure to check out our web site for these newest selections.

Don't forget that Gail Dodson will soon be with us. October 19 will be for those who may be interested in purchasing the Pfaff 4.5 sewing machine or either of the Icon machines. The morning of October 20, there will be a demonstration of the software Premier+2, and in the afternoon there will be an opportunity for "hands on" lessons using your laptop computer. Please be sure to mark your calendars and let Susie know if you plan to attend either of these special events.

We have had a few more changes to our October class calendar, so please always check out our web site. We work hard to keep this information updated for you. In particular, please note that the first Pfaff Club class of the month is one week later than usual.

We continue our sale of Ambition machines as Pfaff is bringing out new machines later this year. We also have "previously loved" Creative 4.5, Creative Sensation and Creative Sensation II machines for sale.

Happy Quilting!

Lyn
