## Christmas Embroidered Mug Rugs

Class Location: South 2

Teacher: Bev Shumilak

Bev has digitized these festive mug rugs just for you. They are great to use during the holiday season or to give as gifts. They are almost entirely made in the embroidery hoop. The designs are 150mm x 225mm in size, so you must own a machine with a hoop large enough to embroider them. The designs will be emailed to you approximately 1 week before class. You will need to know how to get them to your machine, stick, card or whatever method your machine used to embroider the designs. If you need assistance with this, call the store at 780-469-1147.
