- ✓ Piece together Scott’s most popular quilt pattern. Create your own fantasy forest from all of your favorite scraps. You can use all of your floral scraps with various light or “low-volume” prints as Scott did in the model, or you can plant your forest in your own leftover bits. How about a plaid forest in browns and reds? Or maybe a wintery forest in all blues and silvers. Or go super-dramatic with a black-and-white forest against a backdrop of various reds. The variations are about as limitless as, well, the number of leaves on a tree.

Finished Size is 59½” x 60”
