# NO BAKE LAYER CAKE

All seams are 1/4". Press seams as indicated.

## Cutting Instructions:

1. From the layer cake, select thirty-two squares for the centre of the quilt and set aside.
2. Select four squares to cut up for the side triangles:
  - Cross-cut each square twice diagonally to end up with a total of sixteen triangles (you will need fourteen of these triangles).

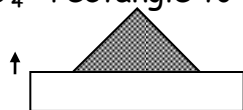

3. From the background fabric:
  - Cut one strip  $16\frac{1}{4}$ " x width of fabric; sub-cut into twelve  $3\frac{1}{2}$ " x  $16\frac{1}{4}$ " rectangles.
  - Cut one strip  $16\frac{1}{4}$ " x width of fabric; sub-cut into two  $3\frac{1}{2}$ " x  $16\frac{1}{4}$ " rectangles and two 10" x 10" squares. Cut the squares once diagonally to end up with a total of four triangles for corners.

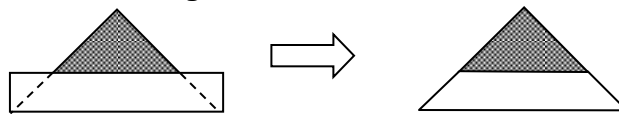

4. From the binding fabric:
  - Cut seven strips  $2\frac{1}{2}$ " x width of fabric.

## Pieced Side Triangles:

1. Join each  $3\frac{1}{2}$ " x  $16\frac{1}{4}$ " rectangle to a layer cake triangle. Press toward the triangle. Make fourteen.

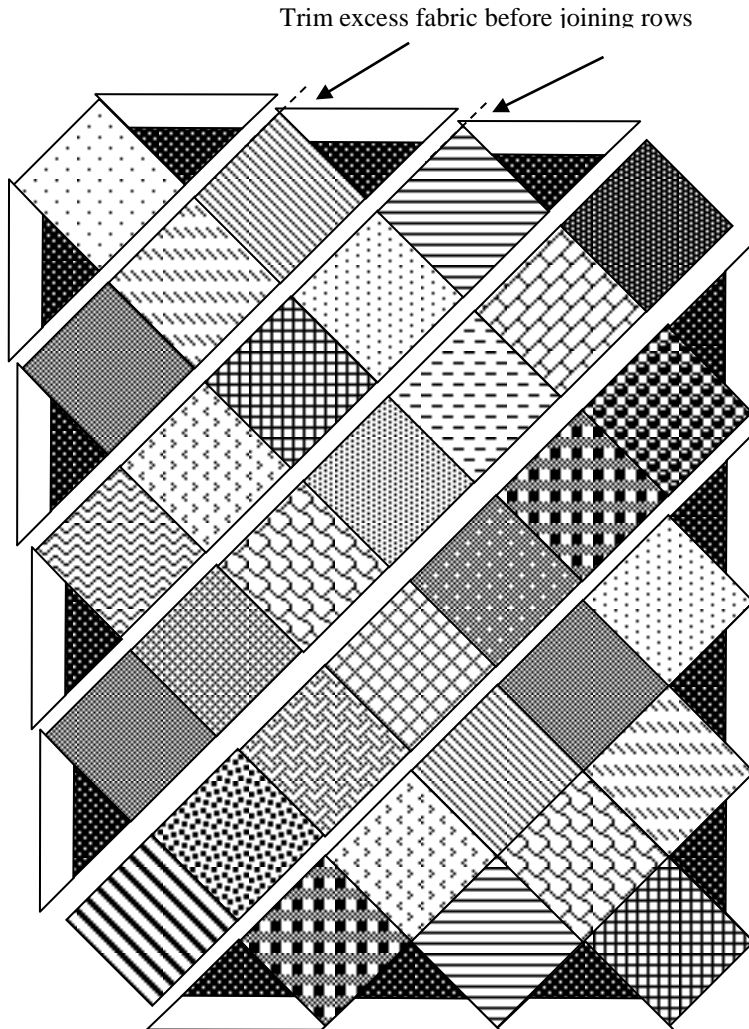

2. Trim each side triangle unit back to a triangle by following the angle with a long ruler. Cut off each extra bit of the rectangle on each side.

# NO BAKE LAYER CAKE

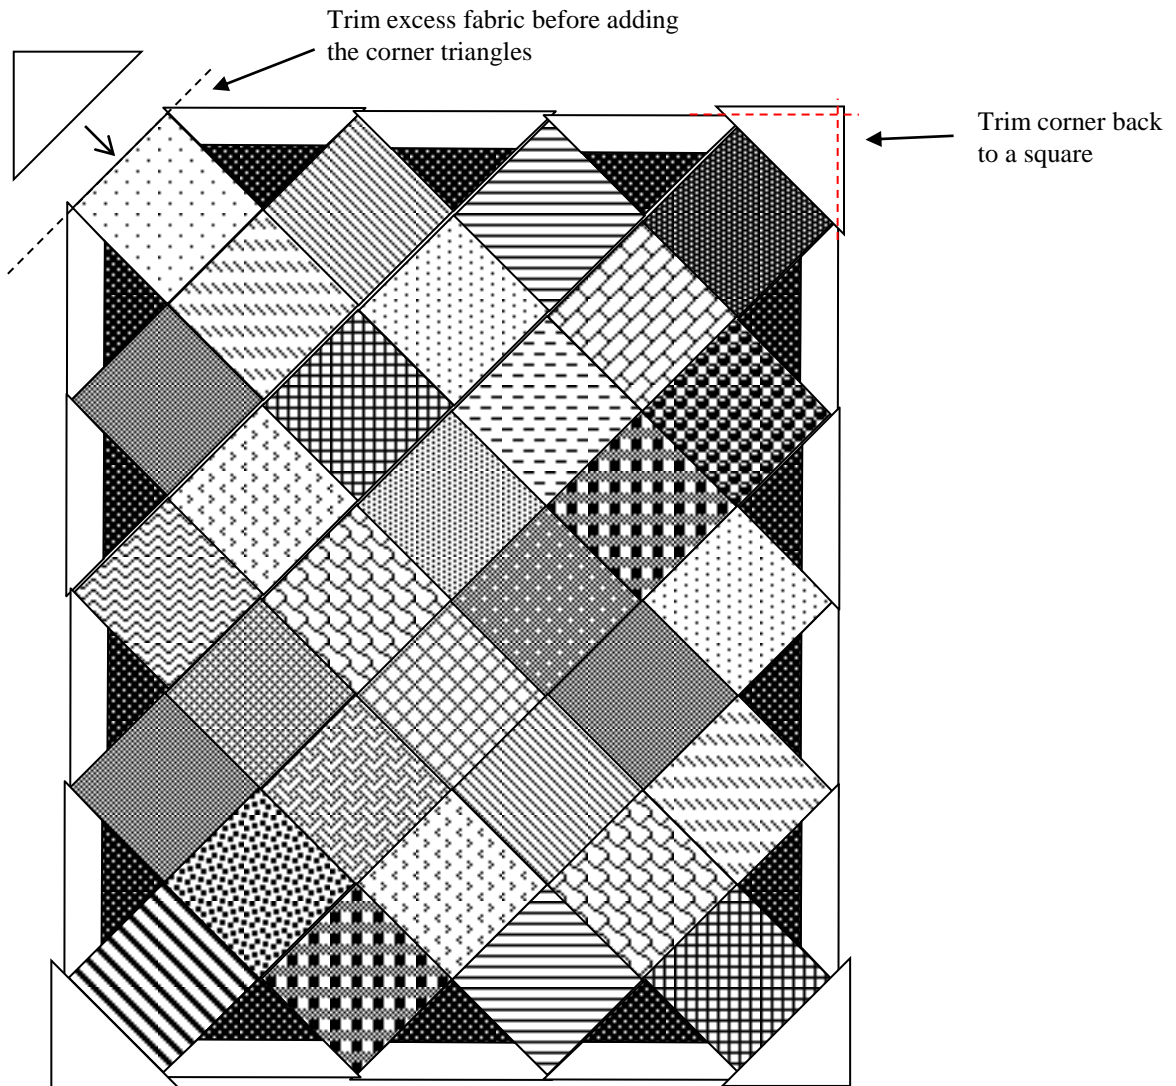

## Quilt Assembly:

1. Starting in the top left corner, arrange the rows and side triangles on the diagonal, using the diagram below for reference. Trim the excess from each side triangle before joining the rows.

# NO BAKE LAYER CAKE

2. Trim away the excess side triangle fabric in the four corners of the quilt and attach the corner triangles. Press toward the corner triangles. The corner triangles are slightly larger than necessary so you can square off your four corners using a square ruler.

3. Layer and quilt. Join the binding strips end to end and attach to quilt using your preferred method.
