

## OESD FREESTANDING TURKEY

### Supply List

This is a fun project and will keep you busy. We will not “finish” in class but you will be close and know how to finish him up.

Bring: OESD Design--loaded onto your USB or I can do that for you **“Freestanding Dresden Turkey”--discount price**

- Embroidery machine with power cord
- good needles--I use embroidery 14 or denim 14 or Titanium
- Hoops--6” X 10 or 8” X 12 or 9” square--5” X 7” for smaller parts
- Mesh stabilizer for hoop size (No Show Mesh)
- Tear-Away stabilizer
- Iron-on interfacing (Shape-Flex)
- Embroidery threads in “turkey colors”
- brown or darker bobbins
- Applique fabrics for the body and parts (turkey colors!)

There is a tool available from OESD that is a great help when putting it together and I will have some in stock for class. It is called an alligator clamp.
