

EMBROIDERY 102

Supply List

This is “new” class for newer embroidery owners, or those that need a little boost with ideas and techniques. We do lots of project classes for machine embroidery, but this class is to give you a little taste of several different techniques. We will do: machine embroidered appliqué

- lace
- lettering--manipulation and placement
- corner embroidery
- and maybe more depending on time

Bring: Embroidery machine with embroidery unit

- embroidery foot
- hoops (5 X 7 if possible, or slightly larger or smaller)
- USB stick for design transfer
- Tear away stabilizer
- 1/2 yard plain or textured fabric to stitch samples
- 2 to 3 embroidery threads--any color--maybe Christmas colors too!
- embroidery bobbin
- good needles
- embroidery scissors
- washable or iron-off marker and small ruler

provided at class: water soluble stabilizer
placement diagrams
designs for stitch-out
napkin for corner design
