- *Open-toe foot*
- *Sewing machine with foot and power cord*

Kit will include: *Precut fabrics for trees*

Precut glitter HTV for trees

We will be creating the pillow wrap and attaching the precut shapes and heat transfer vinyl to create a festive holiday pillow wrap. We will be showing you how to cut the fabric and glitter using the Brother Scan 'n Cut but you do not need to own a Scan 'n Cut or to bring one to class. The \$10 kit fee will be payable directly to Libby. (Fabric for trees may vary from those in photo but will be similar.)
