

DESIGN CENTER CLUB—April, 2023

Supply List

This session of Design Center Club will concentrate on the quilting features, and not a "project" as usual. We will use the paintbrush, the recall feature, the Auto Fill Shapes, Scanning and more. The "Edge to Edge" feature in the Luminaire 3 will be featured in class in June—not at this Design Center Class. I have a fun project planned for the next session, and may add that in late June.

Bring: Brother Embroidery Machine with Design Center feature—

- Embroidery Unit, Embroidery Foot and Power Cord
- Hoop(s) 8 X 12, 9 $\frac{1}{2}$ " X 14, 10 $\frac{1}{2}$ " square or 9 $\frac{1}{2}$ " square
- Stylus if you have that
- 1/2 yard cotton or blend batting
- Cotton thread for stitching or embroidery thread
- Cotton bobbin or embroidery bobbin
- Good needle (I prefer Quilting 14)
- KK Spray
- Paper Tape or Stitch Perfection Tape
- Tear Away Stabilizer—several sheets or a roll
- Marker-Frixion or Washable
- 1/2 yard neutral fabric
- USB stick
- Scissors and basic "comfort" supplies

Most fabrics will be provided—we will not actually stitch on some but practice the shapes. Stellaire Machines will have jpeg files to show block shapes

Any other needed items will be provided as I'm sure I'm forgetting something!
