

SCAN 'N CUT BASICS

Supply List

-This is a “hands-on” class to familiarize you with your Brother Scan 'N Cut. You will learn about the parts, menus, adjustments, setting and memory, and then actually “cut” several different medias. Class list is for both models of machines, but will concentrate more on the DX models.

Bring—Scan 'N Cut machine with power cord

- Tools that came in the box
- Cutting Mat (standard)
- Accessories that came in the box
- Instruction books
- Scanning Mat if possible

Materials will be provided at the class for cutting and scanning
