

## DESIGNER EPIC HANDS-ON Supply List

Class this session will do a lot with editing, using design shaping, scaling, fonts, grouping/ungrouping, thread color editing, filmstrip editing (several tools there) and others.

This machine has great capability to make things just as you want!! We will always do a Design Positioning exercise also!!

The project is a vinyl tag used for luggage, your machine or bag or USB carrier. I will provide the vinyl, ribbon and stabilizer.

Bring: Designer EPIC machine with embroidery unit

- power cord and foot control
- embroidery foot
- fat quarter of cotton fabric-neutral tone
- four colors of embroidery thread
- embroidery bobbin
- applique scissors or small curved scissors

\*\*The blue photo is the one I made--and I have an assortment of vinyl colors, so just plan to share threads to highlight your design!  
The green is a second sample.
