

SPRING TUNIC

Supply List

This easy knit top features a diagonal hemline or front/back point hemline for a great casual look. It will require knit fabric with stretch as described.

Bring: New Look Pattern # 6415 sizes "A" (6 to 24) **if you have any trouble finding this please let Jeannie know!

-Fabrics--Knit fabrics with side (selvedge to selvedge) stretch--
***4 inches unstretched must stretch to 6"

Try not to choose directional fabrics, plaids or very "thin" tee-shirt knits. Sometimes it is difficult to find nice knits--try even Walmart, Hobby Lobby or JoAnns

We will work on "View B**" or "**View D**" as the "A" requires a double front--save that one for later!

**IF YOU HAVE NOT SEWN WITH KNIT BEFORE--I

RECOMMEND THE "D" VIEW

which uses about 2 yards

-Stretch needle **available at Richland Sewing Center

-Good quality thread

-Sewing machine with basic sewing foot, power cord and foot control

-Shears, scissors and pins

-Tape measure

**I have some sample garments sewn up in various sizes for you to try. Look at the pattern body measurements--concentrate on the bust size-

easy
just for
KNITS
