

# LUMINAIRE HANDS-ON UPGRADE/UPDATE CLASS

## Supply List

This class is for those with the Luminaire 3, Luminaire 3 Upgrade, or those "waiting" for the upgrade who are welcome to audit. If you are "new" to the machine you are welcome to participate to learn some "basics". If you have this upgrade and need a "refresher" you are also welcome.

We will work mainly with the upgrade/update features including "No-Stitch", Tapering, Design Center, and "Edge to Edge" Built in Quilting.

Bring: Brother Luminaire machine with Embroidery Unit and Power Cord

- Foot Control
- Embroidery hoop—9  $\frac{1}{2}$ " X 14 or larger
- Accessory Box
- Embroidery Foot and Standard Foot
- Embroidery bobbin and Embroidery Thread (one or two)
- Cotton Quilting Thread/Bobbin—color to "show" on your fabric below
- 1 yard of "tone on tone" light colored fabric, cut in half (18") WOF, then layered with cotton batting or fleece to form a "sandwich"
- Marker and Ruler

Any other fabrics/supplies needed will be provided

**\*\*If you have the machine and upgrade but not "installed", please bring it by the store or early to class to get that done. Please try to download and install the "update" (free) also. If you have questions just call us at the store.**
