

DESIGN CENTER BASICS

Supply List

This class is designed for those who are new to a machine with this feature, but anyone with Design Center on their machine is welcome to take the class for a small class fee. We will go over the basic icons and techniques, and then stitch out the mat project. Take a look at the photo and think about what design you would like to use—the Texas one on this sample I can share with you

- Brother embroidery machine with Design Center feature
- Embroidery unit, embroidery foot and power cord
- USB for design transfer if needed
- stylus or corded mouse for working in Design Center
- 9 $\frac{1}{2}$ or 10 $\frac{1}{2}$ " embroidery hoop
- Mesh cutaway (no show or power mesh) to fit hoop
- 9 X 10" piece of batting
- Threads for quilting center, candlewicking and embroidery design
- Bobbin thread (pre-filled is fine)
- Scissors for trimming

Fabrics: 9" X 10" background for center—not too "busy"

SF101 to back the center piece

$\frac{1}{4}$ yard WOF for border and back

***my sample is patriotic fabric but your project can be made in any color/style!! We will plan to stitch something more "spring/summer"!!*

If you are not "new" to Design Center and would like to make this project, just sign up and join in!
