QUILT WITH EMBROIDERY
Supply List

This is a workshop style class, where you will stitch samples and examples of several types of techniques for embroidered quilting. We will be doing the quilting with your embroidery machine, as well as showing how to create the quilt with embroidery designs and to place the designs. You will stitch through batting, front and back fabrics on sample fabrics. This is fun, and can add so much to your projects!

Bring: Embroidery Machine with Embroidery Unit and power cord
- -Embroidery Foot
- -USB for design transfer
- -6" X 10" hoop (minimum) or larger—magnetic is fine
- -2 colors of 40# embroidery thread
- -1 spool/cone of 50# cotton, such as Aurifil thread
- -Embroidery bobbin (pre-filled is fine) and 50# cotton bobbin
- -(2) ½ yard cuts of "tone on tone" fabric (1/2 yard each of 2)
- -1/3 yard of cotton batting (sold here by the yard)
- -washable or iron-off marker
- -24" ruler
- -Scissors, rotary cutter and basic supplies

Some fabrics will be provided at the class, as well as any other needed supplies. Designs will be provided, and we may use some of your machine's built-in designs. You will get to see some other accessories used for machine embroidered quilting.

***If you have the **Kimberbell** "Clear Blue Tiles"—please bring those to class!
