

## **Christmas Club March 2025 Dimensional Mylar Applique Cards**

### **Supplies:**

Embroidery Machine, Power Cord, Embroidery Foot, Embroidery Arm  
5x7 Embroidery Hoop  
USB Stick for designs to be loaded on  
Mesh type Cut Away Stabilizer (for card)  
Water-Soluble mesh Stabilizer (mylar applique)  
Embroidery Thread (3 shade of blue, brown, black, white)  
Embroidery Bobbins to match the top blue thread color  
Embroidery Needle (75/11)  
Tulle (2 pieces of white 5x7)  
Mylar (1 sheet)  
Paper Tape  
Adhesive spray (KK)

Sewing notions: applique scissors, snips, regular scissors and glue stick

This is a discontinued design so I will have the design and load it at class. There are actually three designs. Besides the snowman design, there is a heart design and a Summer design. We will stitch the mylar snowflake in the first hooping. The second hooping will embroider the card. The Mylar embellishment will be added after the card stitching is completed. I will provide one card and envelope in the class, along with some felt to applique to the card. Please call with any questions, Deborah Morris, 817-925-8756.
