

Scan N Cut Christmas Project

Come join us to create 3D Santa, Snowman and Reindeer lanterns made from cardstock and vellum paper! They are so cute and easy to make! . Using Canvas Workspace (web version) we will take you through the steps of separating the layers and assembling your adorable lanterns! We will be making the snowman in Class!

Supply List

Laptop, power cord and mouse

Scan N Cut machine with power cord and USB thumb drive

Standard Mat

Weeding tool

Colored Cardstock - EACH project takes

3 12x12 sheets of White cardstock

2 12x12 sheets of vellum paper

1 12x12 sheet of Green, Red, Orange and Gold.

I will gladly create kits with the cardstock and vellum paper. The kit fee is \$10 which includes the designs. Designs only are \$3.

I purchased remote controlled tea-lights from Amazon to light up my lanterns. Here is the link to the Amazon site where I ordered them.
