

PE-DESIGN® Family

PE-DESIGN® 10

Take the next step in personal embroidery design software.

Software interface

- USB style software key replaces card writer as a security device.
- View design thumbnails in Windows® Explorer.
- Intelligent color sort to reduce thread changes.
- Embroidery frame size setting gives you the ability to embroider designs up to 9.5" x 14" without re-hooping.

Design editing features

- Enhanced PhotoStitch™ feature with new masks and color settings.
- Ability to convert vector art to embroidery files.
- Enhanced density setting for 3D and puffy foam.

Enhanced lettering features

- Includes 130 built-in fonts, including 10 small fonts.
- Easily reference font style with the new naming convention and filter ability.

Stitching features

- Chain stitch and net fill stitch styles available.
- Improved Stitch-to-Block now keeps sewing attribute.
- Multiple stitch direction capability within a single segment for creating unique digitized fills.

PE-DESIGN® 5/6/7/8/NEXT upgrade to 10

Enjoy all the features of PE-DESIGN® 10 by upgrading your software with the PE-DESIGN® 10 upgrade.

PE-DESIGN® NEXT

Full-feature digitizing and editing software, perfect for experienced hobbyists and home business entrepreneurs.

Advanced user-friendly graphical interface

- Quickly identify program functions with intuitive icons.
- Customize favorite operations on the toolbar.
- Edit your embroidery while viewing a realistic image of it.

Design editing features

- Digitize designs manually or use the Stitch Wizard for PhotoStitch™, Auto-Punch and Cross Stitch functions.
- Embroidery Offset feature creates unique effects that are reminiscent of echo quilting.
- Add decorative patterns to letters and embroidery.
- Combine outlines and shapes to create embossing effects.

Enhanced lettering features

- Includes 100 built-in fonts.
- Add an interesting dimension to select lettering styles with the Font Outline feature.
- Name Drop function can be used to create different names with the same design and layout.

Stitching features

- Candlewicking and Stem stitches for more expressive embroidery.
- Spiral Floral Pattern feature transforms basic shapes into unique embroidery.
- Create patterns using mirror copies of your selected design or arrange a selected pattern in a circle.

SOFTWARE PE-DESIGN® FAMILY

PE-DESIGN® PLUS

Perfect for digitizing and editing, design and lettering.

- Includes 35 built-in fonts.
- Compatible with hoop sizes up to 12" x 8".
- Advanced user-friendly interface makes using PE-DESIGN® PLUS as intuitive as using most popular computer-based programs.
- Design library with various designs and shapes, including Rectangle, Circle, Heart and Star.
- Automatically convert image into embroidery with the PhotoStitch™, Auto-Punch and Cross Stitch functions.
- Design stitch count is automatically recalculated when your design is resized.
- Scale, rotate and flip designs.

- Create custom hoop sizes – perfect for most brands of embroidery machines.
- Organize stitch files.
- Print out your templates.

PE-DESIGN® PLUS upgrade to NEXT

You can now easily enjoy all of the enhanced features of PE-DESIGN® NEXT by upgrading your existing software with the PE-DESIGN® PLUS upgrade.

PhotoStitch™ – It's like printing with thread.

Use the **PhotoStitch™** feature in PE-DESIGN® 10, PE-DESIGN® NEXT and PE-DESIGN® PLUS to convert photos into digitized design files and then export them to your embroidery machine.

FlipPal mobile scanner* – With its patented flip-and-scan technology, scan just about anything – framed photos or art, pages in bound books or scrapbooks, quilts or fabrics – and the scanned image is saved as a JPEG. Use in combination with the PhotoStitch™ feature in our PE-DESIGN® Software to turn your scanned images into embroidered works of art!
