

Beyond the Qube

Month 9

Sep 2021

A sew along by Kaye England for Accuquilt - brought to you by Quilt Corral, Willows, CA

In Session 10 (month 9) you will finish your quilt with three plain borders. For best results, sew the border strips end to end into one long strip. Measure the quilt from side to side through the center and cut two borders to match the measurement. Sew to the top and bottom of the quilt. Press the seams toward the border. Measure the quilt from top to bottom through the center. Cut two borders to match the new measurement. Sew to the sides of the quilt. Press the seams toward the border. Repeat these steps for each of the three borders.

Here is Carol's finished quilt:
