

## Early Risers

Tuesday, April 16<sup>th</sup> 10:00-4:30 pm  
(classroom available at 9:45 am for set-up)

Class Fee: \$50.00 or 2 CC

Instructor: Peggy Nehring

### Class Policies:

- Classes must be paid for at time of registration. One week cancellation notice required for refund or credit fees.
- It is important to have all your materials before class begins and to have your sewing machine set up and ready to sew. Our teachers make every effort to start on time.
- All brands of sewing machines and sergers are welcome.
- As a courtesy to others, please turn off cell phones during class. If you must take a call, please step out of the classroom to limit disruption to the class.
- Loaner machines are available for \$10.00 rental fee at time of registration.
- This class is for the specific project as described here. If you wish to make something different, it should be done outside of class.
- **PLEASE** do not use perfumes, colognes, scented hair products, or lotions prior to class, so that those with allergies or asthma may enjoy the class as well.

### Supplies you will need:

- Sewing machine in good working order with power cord, foot control, slide on tray and a new needle. Be sure to bring your sewing machine instruction book if you are sewing on something other than a BERNINA.
- **Basic Sewing Supplies**
  - Good quality fabric scissors
  - Small scissors or snips
  - Seam ripper
  - Straight pins
  - Fabric marker
  - Extra machine needles
  - Pen & paper for notes
  - Anything else you commonly use for a day of sewing!
- Rotary cutter, ruler and mat
- ¼" inch foot
- Tweezers
- Mini Wonderful Curves Book
- Quick Curve Mini Ruler

### **Before coming to class:**

- Pattern is on page 13 of the Mini Wonderful Curves book. In class we should be able to complete one flower. Before coming to class please cut your fabrics following the General Cutting Instructions on page 13. The only exception is that I changed the solid green. In the instructions it asks for 1 (one) 5 ½" square of each green fabric that will then be cut in half diagonally. I found that a 6" square works better.
- Do **NOT** start the cutting with the QCR Mini Ruler that is described in column 2 on page 13. We will do that in class. Also, **do not** be tempted to cut off the corners of the triangles as shown at the bottom of page 13! We won't be cutting them like it is described in the book.
