- It is important to have all your materials before class begins and to have your sewing machine set up and ready to sew. Our teachers make every effort to start on time.
- All brands of sewing machines and sergers are welcome.
- As a courtesy to others, please turn off cell phones during class. If you must take a call, please step out of the classroom to limit disruption to the class.
- Small, basic, non-embroidery machines are available for \$10.00 rental fee at time of registration.
- This class is for the specific project as described here. If you wish to make something different, it should be done outside of class.
- PLEASE do not use perfumes, colognes, scented hair products, or lotions prior to class, so that those with allergies or asthma may enjoy the class as well.

Supplies you will need:

- Embroidery machine (that has a hoop at least 5 1/2" x 11") in good working order with power cord, slide on tray and a new needle. Be sure to bring your embroidery machine instruction book if you are sewing on something other than a BERNINA.
- **Basic Sewing Supplies**
 - Good quality fabric scissors
 - Small scissors or snips
 - Seam ripper
 - Straight pins
 - Fabric marker Frixion
 - Extra machine needles
 - Pen & paper for notes
 - Anything else you commonly use for a day of sewing!
- Decorative thread for the designs. The design pack calls for two shades of green, two shades of orange, one burgundy and a gold for the tumbling background leaves. I added a purple and I used a variegated yellow to gold for the leaves. You will also need

construction thread and thread to match your backing for sewing on the binding.

- Please wind two bobbins with bobbin thread and bring one empty bobbin so you can load it with your construction thread.
- Any of the Janine Babich seasonal wall hanging design packs, which you can purchase at the store.
- Fabric:
 - 1 piece of fabric 16" x 37" for the background
 - 1 yard of print fabric for the upper and lower borders, binding and backing.
 - 1/2 yard of fusible interfacing that is 42" wide to be ironed onto the back of your main fabric.
 - 1/2 yard of fusible fleece.
 - Ultra Clean `n Tear stabilizer, 20" width. You will need enough for 5 double-layer hoopings in your Mega or larger hoop.
 - 30" of trim that contrasts your print fabric.
 - Tearaway tape, in case we need to fix your stabilizer.
- You will need either your Mega hoop or your Maxi hoop - either will work. Your Midi or large oval **will not**. Please do not forget your template
- Elmers Glue stick. You will use quite a bit so make sure you have a new one as we do not sell this in the store.

Before coming to class:

- You will need to load the designs to your USB stick or your machine and please be sure to check that you can read it on your machine.
- You will need to print the PDF file that is on the CD before coming to class.
- Please cut the two borders for the top and bottom before coming to class but you will also need to bring the rest of your print fabric.
- Please fuse both the interfacing and the fleece to the back of your background fabric. Read the instructions on the paperwork that comes with the fusible.
