

2017 AVIATION GUIDE

WHOLESALE JET CLUB

Your Jet, Your Price, Your Club.

Wholesale Jet Club is the first subscription wholesale private jet concierge service. What that means for our clients is true wholesale pricing with 100% transparency. We've taken the wholesale club business model and applied it to business jets. We consider ourselves "broker killers". We eliminate the middle man and bring the cost straight to you. For a small annual fee, our members can now shed their expensive brokers and fly for the wholesale cost price. Brokers markup charters anywhere from 15%-50%. Our goal is to help regulate an unregulated industry.
