

Star Table Topper

Supply List

You have options with this topper, so let your imagination go! Basics will include:

- Quarter inch foot if you have one and sewing machine
- Ruler(s), Rotary Cutter, and Cutting Mat
- Pins, thread, and seam ripper

Your fabric requirements can vary depending on the size you choose! The sample is about 24' x 24'. You can use a charm pack if you'd like, or for a less scrappy topper, Fat Quarters will work. For the sample size, you'll need:

- At least 10 to 16 different, coordinating fabrics. I suggest using lights and darks – you'll get more pop, and pick a theme, such as Asian, Christmas, or Spring. (I've done all three 😊)
- To complete, you'll need about $\frac{3}{4}$ yard for backing, batting to fit, and since we're doing star points, about 120" of bias binding from your fabric choices. If we have time, we'll go over bias tips.
- You can add rickrack or other trim to personalize.

All materials may be purchased at Pacific Fabrics with a 10% discount. Please mention that you are buying supplies for this class at the register to receive this discount.
