To Make Fringe:

Cut 3 pieces of yarn each for 12 – 24 sections of fringe. Each length of yarn should be the desired finished length, plus one inch.

Using your hook, pull 3 pieces of yarn through end of scarf beginning on edges and continuing every ½" (12) to ¼" (24) across end of scarf.

Knot fringe with a single knot.

Trim ends evenly. A ruler and rotary cutter are great for trimming!
