

Bowdabra Hair Flower

Supplies:

Mini Bowdabra
Beacon Quick Grip glue
12" piece of Gold or Silver Bowdabra Wire
Assorted Jesse James buttons with shanks
Darice 50 mm Barrette
1 yard and 2 yard pieces of ribbon

Directions:

- Put the 12" wire lengthwise into the middle of the Bowdabra
- Beginning with the two yard piece, insert the ribbon crosswise into the middle groove
- Loop the ribbon back and forth from side to side keeping your loops even
- Using the one yard piece, repeat above on top of the two yard piece.
- Use the Bowdabra Wand as you go to push the ribbon down into the groove.
- Pull up the ends of the wire and tie them in a single knot around the middle of the ribbon.
- Remove the tied bow from the Bowdabra and pull the wire knot tight.
- Thread the ends of the wire from either side through the button shank, then pull through to the back of the bow and tie tightly.
- Glue the bow to the top of the barrette (bow down, barrette up) and let dry.

Optional:

- As an alternative to the center button, use a few inches of contrasting ribbon to cover and accent the center of the bow as shown in the photo above.
