

Home Dec 101: Dining Room Chairs

Beginner Sewists

Are your dining room chair cushions looking dated or in sad shape from use? Maybe you've been sitting on them more this past year and realized that they're not that comfortable. In this class you will learn how to recover your drop-in chair seats.

- **On Day 1** you will learn how to remove the old fabric from the base and assess the condition of the foam and batting to determine if any improvements are needed. We will also help you decide the best fabric to recover your chairs based on their intended usage. All supplies can be purchased that day. Any foam purchased will be cut to size and ready for the next class.
- **On Day 2** we will start recovering your chair seats, showing you tips and tricks along the way to make the experience less stressful. Please keep in mind that while you will learn all the skills to recover your chairs in class, you will most likely need to finish the project at home.

You will be met at the door and let in before the store opens
