Game Day Seat Cushion

Materials:

2/3 yard fleece for a cushion with the same fabric back and front
2/3 yard of each of one solid & one print for cushion as shown

Instructions:

- Cut two 24" squares of Fleece. We used one print and one solid color.
- Place the 2 squares wrong sides together and cut a 4 inch square out of each of the four corners.
- Using a rotary cutter, ruler and mat, cut fringe 1" wide by 4" long along all four sides through both layers.
- Using one upper fringe strip and one lower fringe strip, tie a knot connecting the top to the bottom of the cushion. Repeat for each set of strips until three sides of the cushion are connected.
- Insert a 3" thick *Home Foam Cushion* form through the open side and continue tying knots until the fourth side is completely closed.

12th Fan Scarf

Materials:

¼ yard each of printed and coordinating solid fleece

Instructions:

- Cut 18 squares of printed fleece 4 x 4 inches and 17 squares of a coordinating solid 4 x 4 inches.
- Using a chalk marking pencil, draw a faint line through the center of each square from point to point.
- Place a printed square on the diagonal and lay a solid square on top. Align the points along the center line with the lower point of the top square 1 inch above the lower point of the bottom square. Pin in place.
- Repeat by adding each additional square alternating prints and solids until all 35 squares are pinned together.
- Stitch down through the center of the layered squares, the full length of the scarf.
- Sew a second and third row of stitching ¼ inch on either side of the original seam.

Enjoy! Go Hawks!

Easy Fleece Hat

Materials for Adult or Child's Hat:

1/3 yard solid fleece fabric

1/8 yard print fleece fabric

Instructions:

- Measure the circumference of the wearers head and add 1/2". Cut a 12" high strip of solid fleece for an adult or a 10" high strip of fleece for a child to this length.
- With right sides facing, sew the long ends of the fleece together using a 1/4" seam allowance to form a tube. Fold the tube right sides together aligning the seam in the center. Stitch a 1/4" seam along one edge. Join the two corners of the top of the hat together and stitching with a strong thread, bring the needle through the inside of the hat at one corner and through the top of the other corner. Pull tight so that the corners meet at the center and tie off the thread inside hat.
- Cut the print fleece to the measurement used above and repeat the second step to form a tube for the cuff. Fold the cuff tube in half, wrong sides together. Matching the seams, stitch the cuff to the right side of the bottom edge of the hat.
- To make a pom-pom, cut a strip of fleece that is 4" x 24" for an adult hat or 3" x 12" for a child's hat. Fold the pom-pom strip in half widthwise and draw a line down the center of the fabric lengthwise. Cut 1/2" strips to the left and right of the line leaving an uncut center of about 1/4". Roll up the strip of fabric, then thread a needle with strong thread. Bring the needle through the center of the roll and wrap the thread tightly around the center of the roll several times. To secure, bring the needle through the center of the roll again and tie a tight knot. You may use the excess thread to stitch the pom-pom to the top center top of the hat, then fluff.

Easy Fleece Throw

Materials:

1-1/4 yards each of two coordinating fleece fabrics

Instructions:

Lay fabrics out with wrong sides together and cut fringe (1" wide x 3-1/2" long) all the way around the edges and through both layers. At the corners, cut out the "square" that is left, then knot the two layers together fringe by fringe and like magic, you have a cozy throw!

Easy Fleece Scarf

Materials:

1/3 yard fleece for scarf; 1/4 yard fleece for fringe and a size F crochet hook.

Instructions:

Square up your fleece if needed. Using very sharp point scissors, cut tiny holes along each short end of scarf fleece 3/4" from the edge and 3/8" apart. Holes should be just large enough to allow the crochet hook to pass. Cut fringe fleece into 9" x 1/2" strips. Fold one fringe strip in half. Catch folded strip on the crochet hook then pass through one hole in fleece. Catch the ends of the fringe strip with the hook and pull through the loop to knot. Tighten gently to secure. Repeat until all holes have been fringed. **Enjoy!**
