The fold-away free motion quilt frame.

YOU'RE MAKING FUTURE LONGARMERS

We've made quilting on a sewing machine easy, with smooth motion, one-step set up, and simple fold-away storage—ready for new quilters to enter the craft. Let them discover free motion quilting that is portable and ready for the road.

Fold-away free motion frame.

With the FreeWay frame, customers can get started quilting with the sewing machine they already own, or buy one from your shop. The FreeWay frame helps new join the craft with confidence, trusting you to be their guide on their journey towards longarm quilting.

Smooth movement. Confident stitches.

The FreeWay combines fluid movement, comfortable control, and a stable foundation to help quilters stitch every curve, loop, and line with confidence.

- Smooth-glide chassis and wheels
- Sure-grip handles
- Multiple clamp options

All-in-one solution.

The FreeWay gives you everything you need, and it sets up fast. New quilters will be stitching smoothly and confidently with their own sewing machine. When they're finished, the FreeWay easily folds up to store. The optional case also makes the Freeway truly portable.

UPGRADE TO A LONGARM

Handi Quilter encourages retailers to participate in trade up opportunities for new buyers. Participating retailers can offer a trade-in of the FreeWay Frame toward the purchase of any Handi Quilter longarm package for up to 12 months from the date of customer purchase. Trade in value is based on the original selling price of the FreeWay Frame or FreeWay Frame package with case. The Handi Quilter warranty is 5 years from the date of the original sale for the FreeWay frame and FreeWay case.
