MACHINE EMBROIDERY

NOTE: Complete embroidery directions will be found in the separate embroidery designs.

- For placement of Farm Animals, cut the shape from fabric or paper and use your embroidery software/machine to determine the center of the shape and where you want that shape to be placed on your quilt block. Lay the shape on your quilt block and mark the center of the shape placement on your quilt block. Place the quilt block in the embroidery hoop matching the center of the embroidery hoop with the center mark of the shape on the quilt block. Load the embroidery for that animal into your embroidery machine and complete the applique.
- Complete this process for each applique. Complete all embroidery on quilt blocks before assembling quilt top.

Assemble the Quilt Top

1. Lay out blocks in 3 rows of 3 blocks each as shown in quilt diagram. Sew blocks together into rows. Press seams to one side.
2. Sew rows together. Press seams open.

Assemble the Borders

1. Cut the borders according to the cutting instructions. Measure the height of the quilt and adjust the length of the vertical border accordingly. Stitch the vertical border to the sides of the quilt.
2. Measure the width of the quilt and adjust the length of the horizontal border accordingly. Stitch the horizontal border to the top and bottom of the quilt. Press seam allowances toward the border.

Quilting and Finishing:

1. Layer batting between quilt top and backing.
2. Pin or baste layers together.
3. Quilt as desired.
4. Add binding, mitering corners.
