

March 2018 News

Hi All,

March Member Special is 20% off Notions. This includes thread, rulers, pins & needles etc.

What a winter we have had! The cold weather didn't stop our customers from getting out to the shop though as many braved the weather for classes and shopping!! Thank you!

We are sorry to hear of the closing of Prairie Chicks in Warman, and want to wish Tammy all the best with her health issues.

Our 2018 Class Schedule is now available online, and you can sign up online as well as through a phone call, or a visit to the shop.

We are offering a Bag of the Month set of classes which can be viewed on our website calendar. Participate in as many as you wish-no obligation to do the full set. We have samples of all the bags made up in the shop, and there are some great choices. We can kit up a set of fabrics for you, or choose your own fabric. If you wish to have a kit made up, please let us know at your earliest convenience.

Our decorative threads have been re-stocked, as well as our pre-wound bobbins-in 2 sizes. We have some assorted thread packs for your embroidery needs, as well as the single spools.

We have been restocking our line of Canadian fabric, as well as batiks. Many new fabric lines are in stock, as well as new kits for your convenience.

We are now handling the EuroSteam irons. These irons run on a boiler system, and we love them here at the shop. They will handle the toughest creases and wrinkles with ease. Ask for a demonstration as they are now the irons we are using here at the shop.

New Wide Backs have arrived, and we have a lovely variety for every taste!

Our Ruler Wall is full of all the main rulers we all use, as well as many specialty rulers. We have restocked all notions too.

Just a reminder for those who aren't aware of the Quilt Club Membership we offer:

We have a membership program available to offer savings to our clients. It can be used online, in-store, and for phone orders – and no extra card to carry!! For an annual fee (beginning the day you purchase the membership) of \$25, you receive 10% off all products (excluding sewing machines), and an added special each month. We offer 20% off specials on most departments in the store-notions, batiks, wide-backs, patterns, flannel etc. on a monthly rotating basis. If you are interested in becoming a member,

please search the website for: Membership and purchase through the site. Once we receive this information, you will receive a code via email to use at checkout. Memberships are non-transferrable and can not be shared.
