

## **Wide Binding Instructions**

- Cut strips for the binding exactly the way you would for normal binding except make it 5" strips. Join together on the bias.
- Apply to the quilt from the front with  $\frac{1}{4}$ " seam allowance.
- Press the binding outward.
- Pin the sides of the quilt binding first and then the top and bottom.
- Sew around the binding by hand but not the miter. This is where you can slip a dowel for hanging.
- From the front stitch in the ditch around the binding seam.
