Dear Customers,

As I am writing this, we are working through the 2019 Holiday season. The Christmas Party will be enjoyed in a couple of days. I hope you attend and enjoy! It's been a very good year at Bernina of OkC. Business has been up, Bernina has been busy cooking up their usual basket of innovations in the form of new updated models, new designs, and finally a truly wonderful new Ironing system! It's in store now, so come and see the Laurastar. I think you'll be impressed.

Noel and Rachel introduced their little star, Eleanor Marie Couch, on November 24th (we're all very excited!) and Judy and I celebrated our 1 year anniversary in November also! November is now my favorite month.

I predict 2020 will be a Crazy Good Year for all things BERNINA! We'll see More New Products, Some great new classes by our Terrific Teachers, and no doubt some Great Surprises along the way.

We look forward to seeing you there, in 2020. BERNINA all the way!

John, Emily, Arthene, Cheryl, Cheryl, Fran, Rachel, Noel, Kitty, Leslie, Robert, Twilah, Sarah.

PS: I couldn't be prouder of our group, and our wonderful customers. Thank You—John

GARMENTS

Ponte Pant

Claire Kennedy

Thurs, Jan 23 | 10:00—4:00

6 hrs | \$60

This pant is about the neatest combo of a woven pant and a knit pant. It is NOT a pair of leggings, therefore you can actually wear it like a pant - like to the office or to work or to church. It's such a versatile pant you won't believe it. I like it cause it looks like a business pant, and yet feels like a yoga pant. The other thing that's neat about this pant, is that in the woven pant you must have enough ease in the rear to allow you to sit down, which may look baggy. However in the ponte pant, you don't have to have this ease and it will look fabulous on you. This is made with Ponte, scuba knit or double knit fabric. Bernina of OKC has some Robert Kaufman Ponte de Roma OR check out what OKC Fabric Market has at Hefner and May Ave in OKC.

The Dress

Claire Kennedy

Thurs, Feb 20 | 10:00—4:00

And

Fri, Feb 21 | 10:00—4:00

12 hrs | \$120

The Dress is In! From Amal Clooney (George's wife) to Anna Wintour (head US Vogue editor), everyone is wearing dresses and getting dressed up.

I've picked the Emery Dress because of the style and construction points of the pattern. This offers a gob of ways to alter this dress so that it will fit you. Also, the waist is naturally high and if you read my blog, you know how I love that. The dress has side bust darts, waist-bust darts, back waist-shoulder darts and neckline darts. These make it so much easier to alter the dress for your shape and style. I will be there to help you through all this, so that when you leave class you will not only have a dress but a pattern that will fit you that you can use again and again.

Specialty Classes

You might have noticed a new name in this newsletter. :)

Introducing Patricia Kaufman!

Here is a little about herself in her own words:

"I started sewing my doll clothes on a treadle machine (my sister was under the machine working the treadle) I sewed my own clothes at age 14 and sewed costumes for the performances of the high school dance class. I purchased my first bernina in 1986. They were not computerized yet. My first embroidery machine was purchased soon after that – now I had two Berninas. I started quilting in 1994 and began to enter into quilt shows winning 1st, 2nd and 3rd places. In 2009 I purchased the 830 embroidery machine. Another world opened up! Before moving to Oklahoma this August, I taught mastery classes and Hoop-sisters classes. How many berninas do I have now? Well, you know they do different things and I take lots of classes. Okay – 6 bernina machines (so far)"
