Dear Customers

As I am writing this, it's BERNINA Club day at BERNINA of OKC. It's our time to show off what's new at the store, a new technique, and perhaps a special guest speaker as well! The clubs are always free to attend, and as a bonus you can get 20% off any notion or supply purchases you might make. It's also a great time to meet friends that share your sewing hobby and show off your latest project! Check the schedule, and BE OUR GUEST!

May is our Anniversary Month, so it's time for a Party, and a time for very special deals on things

BERNINA! We have very special deals on closeout models, making room for new models (BERNINA keeps upping their game with new models, with new features, check them out) so if you have been enjoying that classic BERNINA that you've had for a number of years, Imagine it with a MUCH BIGGER BOBBIN, or BERNINA DUAL FEED to keep those seams straight and even more space to the right of the needle to accommodate that larger project that you'd like to try. Yes, you can do it.

If you're like me, and tend to lose or misplace your tools, check out the great deals on some select USED PRESSER FEET. Don't forget that all of our trade-ins are completely refurbished and carry an extra year warranty and free classes too!

Speaking of Anniversaries, this May is my 44th Anniversary with BERNINA. I started as a tech, working with my dad when we opened the old location at 50th and Portland. I had a cheat sheet of the basic settings so I could show a machine when Dad stepped out. I still enjoy working in the repair shop, and I still need a cheat sheet sometimes, but the pleasure of working with customers is really where it's at. 'Take care of your customers, and they'll take care of you!' That says it all... - John Ramsey

Groovy Threads

Beginner's Shirt

Claire Kennedy

Thurs & Fri, May 16—17, 10:00—4:00

12 hrs | \$120

Fitting a shirt means that you not only have a beautifully fitted shirt garment, but it also means that you have a number of variations from that pattern such as: a shell, a top, a dress, a tunic, and of course, the shirt – all from one pattern. Students will fit Jalie 3130, which can be purchased at BERNINA of OKC (be sure and order your pattern early from the shop), which has a front bust dart, a bust/waist/hip dart in front, and shoulder/waist/hip dart in back. Students will learn how to insert a collar band and collar into the shirt as well as how to assemble a set-in sleeve.

Patchwork Shirt

Claire Kennedy

Friday, June 14, 10:00—4:00

6 hrs | \$60

This shirt is inspired by the Colonial American clothing worn during the American Revolution by settlers in North Carolina. The shirt would have many patches to mend the shirt. But simply because these were utilitarian patches didn't mean that they weren't artistically and beautifully done. Patches from your own quilt or other sewing projects can be used for this class, but if you don't have any, Savage Quilter next door to Bernina of OKC has some excellent Moda Fabric Charm Packs or Jelly Rolls that you can use with coordination colors. You will learn matching patterns and hand embroidery stitches for decorating and applying the patches.

Ponte Pant

Claire Kennedy

Monday, July 22, 10:00—4:00

6 hrs | \$60

One of my students' favorite classes, this pant is about the neatest combo of a woven pant and a knit pant. It is NOT a pair of leggings, therefore you can actually wear it like a pant - like to the office or to work or to church. It's such a versatile pant you won't believe it. I like it cause it looks like a business pant, and yet feels like a yoga pant. The other thing that's neat about this pant, is that in the woven pant you must have enough ease in the rear to allow you to sit down, which may look baggy. However in the ponte pant, you don't have to have this ease and it will look fabulous on you. The store now has an excellent ponte fabric that is perfect for this pant in some wonderful classic colors: light heather gray, true navy, classic blue, black, tomato red, and olive. Be sure and order your fabric early at the store, so that you will have the color you like most for class.
